

Reflections on Ceremony & Symposium

Description

On behalf of the Marcus Wallenberg Foundation I want to express a big THANK YOU to all persons involved in the Marcus Wallenberg Prize Digital Ceremony and Symposium!

Even though we couldn't meet in person during this year's event due to the corona pandemic situation, large efforts and a lot of hard work by many dedicated people enabled us to deliver an excellent digital event. You shall all be very proud of your contributions and I am delighted for what we achieved together.

We especially want to thank:

- The three laureates for their out-standing research
- Dan Binkley for excellent moderation of the symposium
- The speakers for their interesting presentations
- The technical team for their top-class level
- The audience that have already watched the recordings and shared the links in their networks and in their social media channels
- All persons that have given us positive feedback after the event – we are happy & humble

The Marcus Wallenberg Foundation is very pleased with the performance of the [digital event](#).

We are already looking forward to next year's Ceremony and Symposium!
