

The MWP first webinar!

Description

Welcome to join our webinar “Remote sensing of forests – ensuring correct interpretation by decision makers” on September 16 at 15:00-16:00 CEST. **[For program and registration please click here.](#)**

Take the opportunity to participate free of charge at the first Marcus Wallenberg Prize webinar.

The aim with the webinars is to give forest researchers an independent arena to tell their viewpoint on topics relevant for the forest business and policy sectors.
