

Call for nominations is open during 1 February-30 April 2023

The Board of the Marcus Wallenberg Foundation and its Selection Committee invite individuals and institutions, globally, to nominate candidates for the Marcus Wallenberg Prize

The Prize is awarded to recognize, encourage and stimulate path-breaking scientific achievements which contribute significantly to broader knowledge and/or technical development within all subjects relevant to the forest-based sector all over the world. The achievements may be of widely different characters and relate to subjects ranging from forest ecosystem conservation and management through process, product and service developments contributing to the sustainable development of society. The evaluation of the achievements will recognize excellent science or technological innovation alone as well as the combination of both. The prize amount is SEK 2.5 million.

Nominate your Candidate for The Marcus Wallenberg Prize

“Candidates” implies an individual or a group of normally 2-4 individuals who have actively cooperated in research leading to a single scientific breakthrough that has had a significant impact on the forest value-chain, ranging from forestry and forest ecosystem management to forest products or forest-based services or related issues.

Nominations are accepted through the webpage www.mwp.org or by e-mail, between 1 February-30 April each year, where after the evaluation process will be initiated by the MWP Selection Committee in a continuous process with the help of appointed external expert reviewers. Each nomination will be valid for a period of 3 years. The Prize-winner(s) will be announced by the Board sometime in March-May of each calendar year.

The nomination form is the basis for initial screening of the nominations. The Selection Committee requests for full details of the candidate’s/candidates’ biography, publications and patents, together with a detailed justification of the breakthrough. The nomination details should be obtained without directly involving the candidate(s) and be kept a secret. Candidates may not nominate themselves for the Prize.

To nominate a candidate please use our internet-form at [Nomination - The Marcus Wallenberg Prize - Promoting Scientific Research \(mwp.org\)](http://Nomination - The Marcus Wallenberg Prize - Promoting Scientific Research (mwp.org)) or our MS Word-form also available at the website. If you use the Word-file, it is possible to download the form and fill in on screen, save the form on your computer and then e-mail. Should you have any questions about the nomination procedure please contact us by e-mail at info@mwp.org. Visit the MWP website to learn more about the Marcus Wallenberg Prize www.mwp.org.
